

BuddySOS

One tap. Your people know
where you are.

SCAN TO GET THE FREE APP

buddysos.app

What it does

- One tap sends an SOS with your live location to your whole group.
- Emergency contacts get a text with your location, even without the app.
- Set a safe zone around home, camp, or an event. Free on iPhone and Android.

APP HELP (253) 205-7455

VOLUNTEER (480) 698-3251

In an emergency, call 911 first. BuddySOS is not a medical alert device, does not detect strokes or falls, and does not contact 911 for you.
